

BIOGRAPHY

graphic organizer

The graphic organizer is a worksheet designed for students to write a biography. It features two cartoon figures on the left and right sides, each with a name tag. The figure on the left is a girl with pigtails, wearing a striped dress, with a name tag that says "FRIDA KA". The figure on the right is a girl with glasses, wearing a white dress, with a name tag that says "ARTHOL". In the center, there is a form with several sections. At the top, there are two columns labeled "CHARACTER TRITS" and "FACTS". Below these are several lines of text with bullet points, asking questions like "What is the person well known for?", "How did they become famous?", "What is a school they took in their career?", and "What are some key events that happened in their career?". At the bottom center, there is a circular logo for "MARCY'S Mayhem" with a floral design.

& REPORT TEMPLATE

TEACH STUDENTS TO WRITE A BIOGRAPHY IN
A FUN WAY!

Over 35 different famous people
to choose from

ADDITIONAL RESOURCES TO MAKE WRITING EASIER!

Name: _____

NAME OF PERSON _____

Introduction Paragraph:
(Who is the biography about? Where were they born or grew up? What is one of their character traits or a fun fact about them?)

BODY PARAGRAPHS

PARAGRAPH 2
What is this person best known for? How did they achieve their success?

PARAGRAPH 3
What is a setback this person faced or a challenge in their career?

PARAGRAPH 4
How did this person overcome their obstacle? How did this challenge help or hurt them?

Closing Paragraph:
What is this person doing today? If the person is no longer living, describe how they did in their later years.

EARLY LIFE

Where was this person born?
